

Job Captain

Firm Profile:

HPI is a 41-year-old award winning architectural firm located in Newport Beach and San Diego. HPI has provided continuous service to public and private clients in the Education, Senior Living and Healthcare sectors.

It is our goal to provide real careers for our employees, and foster both professional and personal growth. We offer a substantial benefits package to full-time employees, including health, dental, life and other insurances, a 401(k) plan, paid time off, and a very competitive compensation.

A successful candidate shall have 4+ years of experience at a Job Captain level.

Job Functions:

- Assembling and laying out construction document sheets.
- Production of construction documents
- Coordinate with consultants.
- Have the ability to sketch details and communicate ideas to other production personnel.

Skills/Requirements:

- Proven Architectural / Technical experience.
- Practical production experience producing construction documents.
- Strong Revit skills are required.
- Must be detailed oriented
- Knowledgeable in construction systems, types and in materials and methods of construction.
- Willingness to pitch in and assist in a team-oriented atmosphere wherever needed.

Pay is commensurate with experience. Please send your resume and a separate PDF of your work samples with subject line "Job Captain Position" to resumes@hpiarchitecture.com

We will review and respond as soon as possible. Please do not follow up with a call.
